all: Department of Neurosurgery,
Heinrich Heine Universität Düsseldorf
UKD LIVE SURGERY (17TH -18TH SEPT. 2019):
We will demonstrate different skull base approaches and microsurgical techniques transmitted as a live video stream for different pathologies. (aneurysms, AVMs, cavernomas, EC-IC Bypass, extrinsic and intrinsic tumors). The Staff will discuss the cases and present microsurgical videos between and after the operations.

The UKD microneurosurgical hands-on course (19th – 21st September 2019)
The course is addressed to residents and young neurosurgeons interested in skull base and neurovascular techniques. It will start after the UKD live surgery course 2019.

The course will be held in English.

Course fee including lunch, refreshments:
- 900 € for Live Surgery 2019 and UKD microneurosurgical hands-on course 2019
- 750 € for UKD microneurosurgical hands-on course 2019
- 150 € for UKD Live Surgery 2019

For registration and information:
giulio.tortora@med.uni-duesseldorf.de

Course venue:
UKD live surgery 2019
Zentrum für Operative Medizin II, Gebäude 11.52 (Haus 2)
Moorenstraße 5
40225 Düsseldorf

UKD microneurosurgical hands-on course 2019
Gebäude 22.21, Hörsaal 2E
Universitätsstr. 1
40225 Düsseldorf

PROGRAMM
THURSDAY, SEPTEMBER 19TH
08:00 Welcome
08:15 Pterional approach
08:45 Hands-on laboratory
10:15 Sylvian fissure and basal cisterns
10:45 Hands-on laboratory

12:00 Lunch

13:00 Anterior clinoidectomy and the cavernous sinus
13:30 Hands-on laboratory
16:00 Orbito-craniotomy
16:30 Hands-on laboratory
18:00 Adjourn

FRIDAY, SEPTEMBER 20TH
08:00 Subtemporal approach and anterior petrosectomy
08:30 Hands-on laboratory
11:30 Transcallosal approach
12:00 Hands-on laboratory

13:00 Lunch

14:00 Telovelar and infratentorial supracerebellar approaches
14:30 Hands-on laboratory
16:30 Cerebral revascularization (STA-M4 bypass)
17:00 Hands-on laboratory
18:30 Adjourn

20:30 Dinner with faculty

SATURDAY, SEPTEMBER 21TH
08:00 Retrosigmoid craniotomy and the cerebellopontine cistern
08:30 Hands-on laboratory
10:00 Far lateral approach
10:30 Hands-on laboratory

12:30 Lunch

13:30 Anterolateral approach
14:00 Hands-on laboratory
17:00 Final discussion and debriefing
17:30 Adjourn
