

Düsseldorf School of Oncology

DSO-Ring-Vorlesung im Sommersemester 2015

„Stem Cell Biology, Cancer Progression, Tumor Immunology, Cancer Diagnostics' “

Zeit: jeweils Dienstag 16:30 - 17:30 Uhr

Ort: Hörsaal 3B (Geb. 23.01)

Im Anschluss an jede Vorlesungsstunde findet um **17:30 Uhr**
das **Work-in-Progress-Seminar** der DSO-Kollegiaten statt.

Date	Topic	Lecturer
21.04.2015	Control of proliferation and differentiation in epithelia	W. Schulz <i>Dept. of Urology</i>
28.04.2015	Stem cells and pluripotency	J. Adjaye <i>Inst. of Stem Cell Research & Regenerative Medicine</i>
05.05.2015	Metastasis and dissemination	N. Stoecklein <i>Dept. of General Surgery</i>
12.05.2015	Control of proliferation and differentiation in the hematopoietic system	R. Haas <i>Dept. of Hematology, Oncology and Clin. Immunol.</i>
19.05.2015	Tumor stem cells and clonal evolution	H. Neubauer <i>Dept. of Gynaecology</i>
26.05.2015	Chemokines in tumor progression and metastasis	B. Homey <i>Dept. of Dermatology</i>
02.06.2015	Tumor immunology	R. Sorg <i>Inst. of Transplantation Diagnostics and Cell Therapeutics</i>
09.06.2015	Immunotherapy of cancer	A. Borkhardt <i>Dept. of Pediatric Oncology</i>
16.06.2015	Tumor histopathology	S. Baldus <i>Inst. of Pathology</i>
23.06.2015	Cancer biomarkers	N.N.
30.06.2015	Tumor imaging	G. Antoch <i>Dept. of Radiology</i>
